## PROJECT CONTEXT

Our software establishes relationships between the data to provide full project context. When you search using Newforma, you access the item you searched for and that item's related information and supporting documentation, for each project or any combination of projects.

## NEWFORMA PROJECT CENTER ALLOWS YOU TO ORGANIZE AND LINK TO ALL PROJECT INFORMATION

### Storage

Your data intelligently cataloged enables better-informed decisions.

### Single Location

All digital information for every active and archived project in all offices of the firm are automatically indexed, wherever the data resides.

### Manage

Our software provides full-project context with distribution and access of critical project information while maintaining a full audit trail.

For more information on how Newforma can help you better manage unstructured project data, register for a free webinar today at [www.newforma.com/webinars](http://www.newforma.com/webinars).
